

AMENI ALEXANDER

Occupation: Nonprofit Organization CEO

I have lived in Tracy for more than 30 years and have served in numerous civic organizations, boards, and commissions. I have also worked with former mayors and City Council members on projects benefiting our community.

One reason I am running is the City's handling of the closure of Tracy's only bowling alley. Many residents, including me, spoke before the City Council and urged city leaders to explore ways to preserve this important community gathering place. We did not feel heard, and the bowling alley ultimately closed. If elected, I will work to bring a bowling alley back to Tracy so local families have an affordable place to gather, have fun, and build lasting memories.

I am also concerned about families losing control of vacant homes to unauthorized occupants. Property owners deserve clear protections and an effective legal process for reclaiming their homes. I will advocate at the local and state levels for fair, practical laws that protect homeowners while respecting due process.

I will listen to residents, stand up for our neighborhoods, and fight for the people of Tracy.

Vote Ameni Alexander for Tracy City Council.
