Alice English shared that she does not understand why Virginia is still employed and why so much money is being spent on TCCC and City Net when they are both providing the same services.

RECOMMENDATION

Staff recommends that the Tracy Homelessness Advisory Committee receive an informational report regarding the implementation of the City Council Strategic Plan to End and Prevent Homelessness and the most recent Emergency Interim Shelter activities.

EXECUTIVE SUMMARY

This report provides an update on the City of Tracy's efforts to address the impacts of homelessness and quality of life issues in the community, including an update on the City's emergency interim shelter activities.

BACKGROUND

Recognizing the importance of responding to quality-of-life issues including the human services needs of the City's unsheltered population, the City has devoted significant resources toward addressing the impacts of homelessness within the community. Staff continues to coordinate efforts between various departments to conduct bi-weekly clean-ups of public spaces, foster partnerships with non-profit organizations to share information on services and programs with the unsheltered, secure grants to support homeless services, and continue with the construction activities of the Temporary Emergency Housing Facility. City staff has worked vigorously to balance the circumstances of the unsheltered, as well as the needs of the community.

Tracy Homelessness Strategic Plan and Initiatives Updates

Pursuant to Council's reaffirmation of the emergency shelter crisis in August of 2022, the City Manager authorized staff to move forward on interim emergency shelter solutions to operate the interim site.

Goal 1: Increase Housing Options in the City of Tracy

Expansion of Interim Shelter Site

In the Summer of 2022, the City began its journey to identify permanent and emergency alternative housing options for the unsheltered population within the city limits. This effort not only focuses on the housing and support, but also to prepare the residents for self-sufficiency. As a result, the development of a "Campus Concept" emerged where temporary housing and Supportive Services would be provided to the unsheltered population.

As the “Campus Concept” began to morph into a reality, so did construction costs. Therefore, the City phased the “Campus Concept” into Four Phases (as shown on the Current Site Plan).

Phase I: Site Preparation was completed in October 2022, which included demolition, earthwork, and placement of major underground utilities.

Phase II: Site Improvements & Sprung Structure is tentatively scheduled for re-bid in late November/December 2023.

Phase III: Phase III where 48 beds are in-service as four dormitory buildings, including an additional Modular building serving as an administration space where Supportive Services are managed by the City Shelter Operator.

Phase IV: Custom Containers, this Phase is currently under construction where it is anticipated the placement of 8 custom containers approved for purchase on July 5th, 2023, by City Council. It is anticipated that this Phase will provide an additional 38 beds expected to be delivered in October.

Construction Update

- Linked Equipment proposed timeline for delivery of new containers is October 2023.
- Installation of permanent power for Phases III & IV is anticipated to be completed early August 2024.
- Installation of permanent power for Phase II is anticipated to be completed by mid-September 2024.
- Completion of the lift station is anticipated to be completed by the end of June 2024. But will not be in operation until the power supply is complete.
- Construction project advertisement after HUD issues release of funding for congressional grant (end of NEPA process) Potential November advertisement, late December award of contracts, January construction start. October 2024 projected Phase II TEHF construction completion.

Upcoming Construction Tasks

- Request an amendment for the Sprung Structure agreement previously approved by City Council as there is a slight price increases due to price escalation. This will be delayed coinciding with award of construction contract.
- Request authorization for an agreement to purchase commercial kitchen. This will be delayed coinciding with award of construction contract.
- Request for Proposals (RFP) for Construction Management for services advertised on July 28, 2023. Selected Construction Management to be presented to THAC on September 26, 2023.

Budget Update

The Homeless Services Division approved FY23/24 operating budget totaled \$1.7 million, which is funded from the general fund and the American Rescue Plan Act (ARPA) funds the City received.

On November 1, 2022, the City Council approved an appropriation of \$2.6 Million from ARPA, amending the FY2022/23 operating budget, to fund professional service agreements to provide operations services for the interim shelter. On December 6, 2022, the City Council approved an appropriation of \$470,000 from the general fund, amending the FY2022/23 operating budget, to fund improvements for the interim shelter site.

Goal 2: Increase Access to Coordinated Support Services for People Experiencing Homelessness

Ongoing - Coordinated efforts between City departments continue, including Operations and Utilities Department, South County Fire Authority, Tracy Police Department, and the Code Enforcement team to proactively address issues related to homelessness and providing bi-weekly park clean-ups. The City teams meet weekly with one another and with our contracted providers to address any concerns with triage, referrals, or outreach efforts.

The continued bi-weekly deployment of “Operation Helping Hands” (OHH) is productive – this team includes the Homeless Services Division, Tracy Police Neighborhood Resource Officers, San Joaquin County Behavioral Health Services (BHS), Care-Link, Whole Person Care, Community Medical Centers, The Salvation Army, and local non-profits. This team coordinates outreach to our identified encampments and provides additional behavioral health support to the Tracy Interim shelter site on these outreach days.

Continuum of Care (CoC) Update

Our Homeless Services Manager is a part of several CoC subcommittees, these include CES, Point in Time Count and Strategic Planning to name a few. The Homeless Services Manager is currently the Co-Chair of the Strategic Planning meeting. The CoC has moved forward with selection of hiring a consultant to perform the Point in Time (PIT) count for 2024. Planning of this is underway to include all cities and unincorporated areas.

As of August 31, 2023, the shelter has 48 individuals and 14 pets. There are an additional 35 individuals on the waiting list who have already been processed through Tracy Community Connection Center and are awaiting an open bed.

The City of Tracy is currently working with our shelter providers on updating their file system. In addition, we are working on updating their policies and procedures.

Tracy Community Connection Center Update through August 31, 2023

Tracy Community Connections Center (TCCC) has processed a total of 158 unique individuals through their Navigation Center for shelter intake to date. The City of Tracy is currently working with our providers on updating their file system.

Park Clean Up

Areas of El Pescadero Park are being fenced off as a precautionary public safety measure to mitigate potential tree hazards, evaluate the safety and condition of the landscaping, and prepare for scheduled maintenance like tree trimming. The City's future for El Pescadero Park include the construction of the new multi-generational gymnasium center.

Monthly-Totals for August 2023:

- 4 arrests (cite and released for TMC sections), 13-hazard tent site removals & approximately 38 tons of trash/debris removed (not including ACTenviro's clean-up/trash debris removal from DB4).
- Trine Security continues to provide 24-hour security service at El Pescadero Park.

Transit Update

Total Ridership since inception through August 31, 2023, was a total of 98 boardings with an average of 3.63 passengers per day. Overall, since November we have had 547 passengers with an average of 2.21 passengers per day.

Goal 3: Develop Action Plans for Engaging with People Experiencing Homelessness

Ongoing - The Familiar Faces (FF) team continues to assist with shelter intake, organizing, and networking with non-profits and religious groups to identify gaps and solutions (reunification/habitat for humanity-like efforts). Police Patrol teams continue to work collaboratively on how to best utilize the FF team when out on patrol.

The FF team, alongside the Police Department are working with a consultant to ensure FF is meeting objectives and adopting operating policies and guidelines. The Police Department is working alongside this consultant in developing a Homeless Response System within our city-wide efforts that supports our City's Homelessness Strategic Plan.

TCCC continues to provide daily outreach and engagement support in the City encampments and parks. They are working collaboratively with our FF to come alongside the shelter team ensuring direct access to beds when available.

Goal 4: Enact Specific Strategies for Vulnerable Subpopulations Experiencing Homelessness

Ongoing - The City's transition plan has focused on our most vulnerable residents who are residing in City encampments. This would include but is not limited to, transitional aged youth, veterans, the LGBTQ+ community, victims of crime and those with behavioral health needs. City staff is currently working with BHS to solidify additional resources to come alongside our shelter project. During our bi-weekly deployment of Operation helping Hands we were able to connect with several of our regional and county partners. We will be coordinating with our Whole Person Care team to initiate a street medicine program. We are working on identifying areas of the City that would most benefit from this resource.

The Tracy Police Department and Familiar Faces staff continue to meet alongside our County Behavioral Health Leadership, along with the Whole Person Care team to continue discussions on how we can collaborate on serving our most vulnerable unsheltered residents here in Tracy. These meetings have led to an increase in Behavioral Health support at the shelter.

In addition, the City is in conversations with our Managed Care Plans to provide support to subpopulations as we build in bed capacity over the coming months and year.

Our Homeless Services Manager works closely with the Hospital Council across both San Joaquin and Stanislaus Counties through focus and work groups targeting more support and awareness to our growing sub population of elderly and disabled unsheltered individuals.

AGENDA ITEM 3.B

RECOMMENDATION

Staff recommend that the Tracy Homelessness Advisory Committee recommend that the City Council adopt a resolution awarding a professional service agreement to The Salvation Army to serve as the City's shelter operator for the Temporary Emergency Housing Facility, with an initial term of one (1) year and a not-to-exceed annual cost of \$2.6 Million.

EXECUTIVE SUMMARY

The City of Tracy (City) issued a Request for Proposals (RFP) to solicit applications from private entities and/or non-profit organizations to operate a year-round non-congregate low barrier Temporary Emergency Housing Facility for individuals experiencing homelessness in Tracy. The Temporary Emergency Housing Facility (Shelter) will help people experiencing homelessness develop a pathway towards permanent housing, healthcare, and stability. Proposed onsite services include, but are not limited to, transportation to and from the shelter, case management, state-licensed behavioral health services, social services, meals, showers, laundry service, 24/7 staffing, and security.

A low barrier shelter aims to provide immediate access to shelter space for people experiencing homelessness while reducing barriers for those who might not otherwise accept assistance. This means that a person will not be denied access to the shelter due solely to mental illness, substance abuse or addiction, or for having a pet or personal belongings in their possession. However, low barrier does not mean there are no rules or boundaries at the shelter. Guests will be expected to agree to and abide by a code of conduct that respects and ensures the safety of all guests, staff, shelter facilities, and the surrounding community.

In response to the RFP, the City received two (2) proposals by the August 14, 2023, deadline. The two proposals were reviewed by a Review Panel consisting of five (5) subject matter experts. Upon review of the proposals and interviews with two Proposers, staff is requesting that the City Council authorize the City Manager to enter into a professional services agreement with the top-rated proposer, The Salvation Army, to operate the City's Temporary Emergency Housing Facility for an initial one-year term, with a not-to-exceed annual cost of \$2.6 Million, and with an option to extend an additional year, if the Proposer satisfactorily performed all requirements in this Professional Service Agreement (PSA), and per recommendation from the Director of Mobility and Housing to the City Manager, the City Manager may extend the Agreement for an additional one-year.

BACKGROUND

On July 7, 2023, the City released an RFP for a Shelter Operator to manage and operate the City's Temporary Emergency Housing Facility. A voluntary pre-proposal meeting was held on July 31, 2023, to allow potential Proposers an opportunity to ask questions prior to the submittal deadline.

The City received a total of two (2) proposals by the August 14, 2023, deadline. A five-member panel of internal and external subject matter experts (Review Panel) was tasked with reading the submitted proposals and independently scoring each proposal, based on specific evaluation criteria identified in the RFP. Each Review Panel member submitted their rating sheets and rankings to staff. A meeting was held to identify and calculate the Review Panel's scores and rank the Proposers. Through this process, staff determined that all five (5) Panel members had each scored The Salvation Army as the highest followed by Ready to Work as second.

Based on the scores provided by the Review Panel, final interviews were held with the top two (2) Proposers. Several of the Review Panel members also served on the Interview Panel. Proposers were asked clarification questions regarding the content of the proposals. Question for each proposer were similar in nature and based on the needs of the City as it pertains to shelter operations and was outlined in the Request for Proposals. At the conclusion of the interview, each Interview Panel member reviewed their written proposal ratings and had an opportunity to modify them based on the information heard during the interview. No Panel members changed or otherwise modified their individual ratings or rankings. At the conclusion of the interview process, and after a thorough review of the proposal scores, the Interview Panel recommended The Salvation Army as the most qualified to operate and manage the City's Facility. The overall ranking of the bidders and proposed annual operating costs from each bidder are listed in the table below.

Ranking	Entity Name	Proposed Annual Operating Cost
1	The Salvation Army	\$2.6 Million
2	Ready to Work	\$5.2 Million

Based on the comprehensive RFP, review of both proposals by both the Review and Interview Panel, staff requests that the City Council select the City's operator for the Temporary Emergency Housing Facility as The Salvation Army.

Proposer will coordinate a range of on-site programs and services for residents in partnership with local and regional service providers. Proposer will be responsible for operation of the shelter throughout the duration of the PSA. All work shall be performed in accordance with applicable codes, standards, and regulations. The annual cost of the contract is expected not to exceed \$2.6 Million dollars.

STRATEGIC PLAN

This agenda item supports the Public Safety Strategic Priority, Implement the adopted Homelessness Strategic Plan.

FISCAL IMPACT

Funding for the contract to operate the City's Temporary Emergency Housing Facility is included in the General Fund's operating budget for FY 2023-24. Subsequent years will be allocated as part of the annual budget process.

RECOMMENDATION- ACTION REQUESTED

Staff recommend that the Tracy Homelessness Advisory Committee recommend that the City Council adopt a resolution awarding a professional service agreement to The Salvation Army to serve as the City's shelter operator for the Temporary Emergency Housing Facility, with an initial term of one (1) year and a not-to-exceed annual cost of \$2.6 Million.

Consultant agrees that payment by City shall not constitute nor be deemed a release of the responsibility and liability of Consultant or its employees, subcontractors, agents and subconsultants for the accuracy and competency of the information provided and/or services performed hereunder, nor shall such payment be deemed to be an assumption of responsibility or liability by City for any defect or error in the Services performed by Consultant, its employees, subcontractors, agents and subconsultants.

Consultant and City mutually waive consequential damages for claims, disputes, or other matters in question, arising out of or relating to this Agreement. This mutual waiver is applicable, without limitation, to all consequential damages due to either party's termination of this Agreement.

The provisions of this section survive completion of the services or the termination of this Agreement, and are not limited by the provisions of Section 5 relating to insurance.

5. Insurance. Consultant shall, throughout the duration of this Agreement, maintain insurance to cover Consultant, its agents, representatives, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

Agenda Item 3.C

RECOMMENDATION

Staff recommends that the Tracy Homelessness Advisory Committee recommend that the City Council adopt a resolution (1) making a determination that United Site Services provides unique products and services that are not available from other sources, therefore compliance with standard procurement process is not in the best interest of the City and (2) approving general services agreement with United Site Services of California, Inc. with a not-to-exceed amount of \$125,000 to provide temporary showers and restrooms to Phase IV-Custom Container occupants until permanent bathrooms are installed under Phase II-Site Improvements at the Temporary Emergency Housing Facility, CIP 71112, at 370 West Arbor Avenue.

EXECUTIVE SUMMARY

Staff recommends that the Tracy Homelessness Advisory Committee recommend that the City Council adopt a Resolution ratifying, pursuant to Tracy Municipal Code Section 2.20.180(b)(1), contracts for goods and general services executed by the City Manager to implement emergency interim housing solutions for the unsheltered with United Site Services of California, Inc.

On August 16, 2022, the City Council adopted Resolution No. 2022-121 (Resolution), which reaffirmed an emergency shelter crisis as the City of Tracy continues to experience an increasing number of unsheltered individuals. Due to the declaration of an emergency, the Resolution authorized the City Manager to take requisite actions needed to expeditiously provide interim housing solutions.

This agenda item is to approve a general services agreement for specialty services with the service provider, United Site Services of California, Inc., to provide the temporary showers and restrooms facilities to the Phase IV-Custom Containers occupants until the permanent bathrooms are installed in Phase II-Site Improvements.

BACKGROUND AND LEGISLATIVE HISTORY

On September 1, 2020, City Council authorized the creation of a Capital Improvement Project (CIP) for the Temporary Emergency Housing Project on Arbor Avenue, CIP 71112 (Project) to create a safe and dignified facility for residents experiencing homelessness.

On July 5, 2023, as part of the Phase IV interim shelter facility improvements, City Council authorized the purchase of eight (8) custom container dormitories from Linked Equipment under Resolution 2023-140.

Permanent restroom and shower facilities to serve the occupants of Phase IV will be included in the construction of the site improvements referred to as Phase II. Until construction is complete, temporary restrooms and showers are required to serve the Phase IV custom containers.

ANALYSIS

United Site Services of California, Inc. is a sole source vendor that provides and maintains self-contained and fully functional bathroom facilities. These temporary facilities provide safe and sanitary facilities for showering and restroom use. United Site Services of California, Inc. will provide and maintain the temporary showers and restrooms to the Phase IV-Custom Containers until permanent facilities are available. Tracy Municipal Code Section 2.20.270(b), the City may enter into a contract without formal bidding if a contract is for a unique product available from only one source. City Council must approve the contract by a resolution which includes findings as to why the product is unique and only one source exists.

Due to the imminent need to provide housing solutions, the following general service agreement has been prepared to provide temporary showers and restrooms to Phase IV-Custom Containers:

Vendor	Summary	Amount	Not to Exceed Amount
United Site Services of California, Inc.	Temporary Rental of Showers and Restrooms for Phase IV	\$125,000	\$125,000
	TOTAL	\$125,000	\$125,000

The above-mentioned agreement for goods and general services total is \$125,000 as part of this request.

FISCAL IMPACT

The City secured a grant of \$1.2 Million dollars from Health Plan of San Joaquin for the costs of the custom containers and interim site expenses related to Phase III and Phase IV. In addition, the City has committed funding from American Rescue Plan Act (ARPA) for the operations costs at the Temporary Emergency Housing Facility. Per City Council's approval of the \$1.2 Million dollar grant from Health Plan of San Joaquin, below is a breakdown of the funding allocation. Funding for the contract with United Site Services of California, Inc. is covered by the grant funds from Health Plan of San Joaquin.

Health Plan of San Joaquin Grant

Modulars (Phase III first year)	\$120,000
Custom Containers (Phase IV)	\$716,320
Operating (Supplies, Fuel) (Phase III and IV first year)	\$363,680
Total Health Plan of San Joaquin Grant Funding	\$1,200,000

CEQA DETERMINATION

A Notice of Exemption was issued on October 16, 2020, for the Temporary Emergency Housing site at 500 Arbor Avenue in accordance with Government Code sections 65660-65662 for Low Barrier navigation Centers and Section 15269(c) of the CEQA Guidelines (14 Cal. Code Regs. 15269(c) for (Emergency Projects). No environmental impacts beyond those already analyzed for the CIP exist; accordingly, no further CEQA analysis is needed.

STRATEGIC PLAN

This agenda item supports the Public Safety Strategic Priority, Implement the adopted Homelessness Strategic Plan.

ACTION REQUESTED OF THE CITY COUNCIL

Staff recommends that the Tracy Homelessness Advisory Committee recommend that the City Council adopt a resolution (1) making a determination that United Site Services provides unique products and services that are not available from other sources, therefore compliance with standard procurement process is not in the best interest of the City and (2) approving general services agreement with United Site Services of California, Inc. with a not-to-exceed amount of \$125,000 to provide temporary showers and restrooms to Phase IV-Custom Container occupants until permanent bathrooms are installed under Phase II-Site Improvements at the Temporary Emergency Housing Facility, CIP 71112, at 370 West Arbor Avenue.

CITY OF TRACY
GENERAL SERVICES AGREEMENT WITH
United Site Services of California, Inc.

This General Services Agreement (**Agreement**) is entered into between the City of Tracy, a municipal corporation (**City**), and United Site Services of California, Inc., a California corporation (**Contractor**). City and Contractor are referred to individually as "**Party**" and collectively as "**Parties**."

Recitals

- A. City desires to enter into this Agreement with Contractor for Contractor to provide temporary shower and restrooms for Phase IV-Custom Containers occupants located at 370 W. Arbor Avenue, Tracy, CA 95304 (**Project** or **Services**) until permanent bathrooms are installed.
- B. After negotiations between the City and Contractor, the Parties have reached an agreement for the performance of services in accordance with the terms set forth in this Agreement.
- C. Pursuant to Resolution No. 2022-121, directed the City Manager to take immediate and emergency actions necessary to implement interim housing solutions for Tracy’s unsheltered population until the completion and opening of the Temporary Emergency Housing Project on Arbor Road. Tracy Municipal Code Section 2.20.270(b), the City may enter into a contract without formal bidding if a contract is for a unique product available from only one source so that competitive bidding would be meaningless. For this exception to apply, the City Council must approve the contract by a resolution which includes findings as to why the product is unique and only one source exists.
- D. United Site Services of California, Inc. is a sole source vendor that provides and maintains self contained and fully functional bathroom facilities. These temporary facilities provide safe and sanitary facilities for showering and restroom use to the Phase IV-Custom Containers occupants.
- E. This Agreement is being executed pursuant to Resolution No. _____.

Now therefore, the Parties mutually agree as follows:

1. **Scope of Work.** Upon request from and at the direction of the City, Contractor shall perform the Services and complete the Project, which include, but are not limited to, the services described in Exhibit “A” attached hereto and incorporated herein by this reference. The services shall be performed by, or under the direct supervision of, Contractor’s Authorized Representative: United Site Services of California, Inc., nor shall Contractor use or replace any subcontractors or subcontractors, without City’s prior written consent. The City may terminate this Agreement if Contractor makes any such change or replacement, or uses any unapproved subcontractor or subcontractor.
2. **Time of Performance.** Time is of the essence in the performance of services under this Agreement and the timing requirements set forth shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Any services for which times for performance are not specified in this Agreement shall be started and completed by Contractor in a reasonably prompt and timely manner based upon the circumstances and direction communicated to the Contractor. Contractor shall submit all requests for time extensions to the City in writing no later than ten days after

the start of the condition which purportedly caused the delay, and not later than the date on which performance is due. City may grant or deny such requests in its sole and absolute discretion.

2.1 Term. The term of this Agreement shall begin on October 23, 2023 and end on May 31, 2024, unless terminated in accordance with Section 6.

3. Compensation. City shall pay Contractor the fixed monthly amount, as set forth in Exhibit "B" attached hereto and incorporated herein by this reference, for the term of the Agreement. City shall also pay a one-time "delivery and pickup" charge.

3.1 Not to Exceed Amount. Contractor's total compensation under this Agreement shall not exceed \$125,000. It is understood and agreed that Contractor may not receive compensation up to this amount, and Contractor's total compensation under this Agreement will depend on the length of the term of this Agreement. Contractor's billing rates shall cover all costs and expenses for Contractor's performance of this Agreement. No work shall be performed by Contractor in excess of the total compensation amount provided in this section without the City's prior written approval. Notwithstanding anything contained herein to the contrary, the payment of any funds under this Agreement shall be subject to the City of Tracy's appropriation of funds for the Services. This Agreement shall terminate in the event that such funds are not appropriated.

3.2 Invoices. Contractor shall submit monthly invoices to the City that describe the services performed and dated time period reflecting services rendered. Reports reflecting greater detail of services are available upon request to the Contractor.

3.2.1. Contractor's failure to submit invoices in accordance with these requirements may result in the City rejecting said invoices and thereby delaying payment to Contractor.

3.3 Payment. Within 30 days after the City's receipt of invoice, City shall make payment to the Contractor based upon the services described on the invoice and approved by the City.

3.3.1. The acceptance by Contractor of the final payment made under this Agreement shall constitute a release of City from all claims and liabilities for compensation to Contractor for anything completed, finished or relating to Contractor's services. Contractor agrees that payment by City shall not constitute nor be deemed a release of the responsibility and liability of Contractor or its employees, subcontractors, agents and subcontractors for the accuracy and competency of the information provided and/or services performed hereunder, nor shall such payment be deemed to be an assumption of responsibility or liability by City for any defect or error in the Services performed by Contractor, its employees, subcontractors, agents and subcontractors.

3.3.2. Contractor agrees to maintain books, accounts, payroll records and other information relating to the performance of Contractor's obligations under the Agreement, which shall adequately and correctly reflect the expenses incurred by the Contractor in the performance of Contractor's work under the Agreement. Such books and records shall be open to inspection and audit by the City during regular business hours for three years after expiration or termination of this Agreement.

4. Indemnification. Contractor shall, to the fullest extent permitted by law, indemnify, defend (with independent counsel approved by the City), and hold harmless the City from and against any claims arising out of Contractor's negligence or failure to comply with obligations under this Agreement, except to the extent caused by the active negligence or willful misconduct of the City.

In the event there is a finding and/or determination that Contractor is not an independent contractor and/or is an employee of City, including but not limited to any such finding and/or determination made by the California Public Employees' Retirement System (CalPERS), the Department of Industrial Relations (DIR), or the Internal Revenue Service (IRS), Contractor shall, to the fullest extent permitted by law, indemnify, defend, and hold harmless the City from and against any all claims relating to or in connection with such a finding and/or determination.

Contractor and City mutually waive consequential damages for claims, disputes, or other matters in question, arising out of or relating to this Agreement. This mutual waiver is applicable, without limitation, to all consequential damages due to either party's termination of this Agreement.

The provisions of this section survive completion of the services or the termination of this Agreement, and are not limited by the provisions of Section 5 relating to insurance.

5. Insurance. Contractor shall, throughout the duration of this Agreement, maintain insurance to cover Contractor, its agents, representatives, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

5.1 Commercial General Liability (with coverage at least as broad as ISO form CG 00 01 01 96) "per occurrence" coverage shall be maintained in an amount not less than \$4,000,000 general aggregate and \$2,000,000 per occurrence for general liability, bodily injury, personal injury, and property damage.

5.2 Automobile Liability (with coverage at least as broad as ISO form CA 00 01 07 97, for "any auto") "claims made" coverage shall be maintained in an amount not less than \$1,000,000 per accident for bodily injury and property damage.

5.3 Workers' Compensation coverage shall be maintained as required by the State of California.

5.4 Endorsements. Contractor shall obtain endorsements to the automobile and commercial general liability insurance policies with the following provisions:

5.4.1 The City (including its elected officials, officers, employees, agents, and volunteers) shall be named as an additional "insured."

5.4.2 For any claims related to this Agreement, Contractor's coverage shall be primary insurance with respect to the City. Any insurance maintained by the City shall be excess of the Contractor's insurance and shall not contribute with it.

5.5 Notice of Cancellation. Contractor shall notify the City if the policy is canceled before the expiration date. For the purpose of this notice requirement, any material change in the policy prior to the expiration shall be considered a cancellation. Contractor shall immediately obtain a replacement policy.

5.6 Authorized Insurers. All insurance companies providing coverage to Contractor shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California.

5.7 Insurance Certificate. Contractor shall provide evidence of compliance with the insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City, before the City signs this Agreement.

5.8 Substitute Certificates. Contractor shall provide a substitute certificate of insurance no later than 30 days prior to the policy expiration date of any insurance policy required by this Agreement.

5.9 Contractor's Obligation. Maintenance of insurance by the Contractor as specified in this Agreement shall in no way be interpreted as relieving the Contractor of any responsibility whatsoever (including indemnity obligations under this Agreement), and the Contractor may carry, at its own expense, such additional insurance as it deems necessary. Failure to provide or maintain any insurance policies or endorsements required herein may result in the City terminating this Agreement.

6. Termination. The City may terminate this Agreement in its sole and absolute discretion by giving ten (10) days' written notice to Contractor. Within five (5) days of such a termination, Contractor shall give the City all original documents relating to the Services in Contractor's possession or control, including, without limitation, preliminary drafts and supporting documents, and any other documents prepared by Contractor pursuant to this Agreement. The City shall pay Contractor for all services satisfactorily performed in accordance with this Agreement, up to the date notice is given.

7. Dispute Resolution. If any dispute arises between the City and Contractor that cannot be settled after engaging in good faith negotiations, City and Contractor agree to resolve the dispute in accordance with the following:

7.1 Each Party shall designate a senior management or executive level representative to negotiate the dispute;

7.2 The representatives shall attempt, through good faith negotiations, to resolve the dispute by any means within their authority.

7.3 If the issue remains unresolved after fifteen (15) days of good faith negotiations, the Parties shall attempt to resolve the disagreement by negotiations between legal counsel. If the aforementioned process fails, the Parties shall resolve any remaining disputes through mediation to expedite the resolution of the dispute.

7.4 The mediation process shall provide for the selection within fifteen (15) days by both Parties of a disinterested third person to serve as the mediator, shall be commenced within thirty (30) days of selection of a mediator, and shall be concluded within fifteen (15) days from the commencement of the mediation.

7.5 The Parties shall equally bear the costs of any third party mediator in any alternative dispute resolution process.

7.6 The dispute resolution process is a material condition to this Agreement and must be exhausted prior to either Party initiating legal action. This dispute resolution process is not intended to nor shall be construed to change the time periods for filing a claim or action specified by Government Code §§ 900 et seq.

Agenda Item 3.D

RECOMMENDATION

Staff recommends that Tracy Homelessness Advisory Committee recommend that the City Council adopt a Resolution to (1) approve the Professional Services Agreement with Roebbelen Construction Management Services, Inc. for construction management services for Phase II Site Improvements at the Temporary Emergency Housing Facility, CIP 71112, located at 370 W. Arbor Avenue, with a total not-to-exceed amount of \$450,185.

EXECUTIVE SUMMARY

Construction management is critical and a required service for all City capital improvement projects (CIP). Such management services includes the effective management of the project's schedule, cost, quality, safety, scope, and function amongst other things.

The Phase II-Site Improvements and the Sprung Structure CIP 71112, located at 370 W. Arbor Avenue builds upon completed site work and will provide a 6,300 square foot sprung structure and ancillary buildings which provide a commercial kitchen, restrooms, showers, laundry, and storage facilities (Project). Due to the urgency and complexity of the Project, staff recommends retaining services of a construction management firm, specifically Roebbelen Construction Management Services, Inc. (Consultant).

On July 28, 2023, staff issued a Request for Proposal (RFP) seeking proposals from qualified construction management experts for the Project. The goal of the RFP was to find a construction management firm that had the depth and breadth of knowledge that the City could depend on for risk management and to help guide the overall construction for this Project. The City received three (3) proposals prior to the submittal deadline. Staff from multiple City departments completed a detailed analysis of all the proposals and invited each of the firms in for an in-person interview. After a comprehensive evaluation, Consultant was the firm that best met the needs of the City and demonstrated the competence and professional qualifications necessary for the satisfactory performance of the required services.

The scope of the services that would be carried out by Consultant includes four (4) phases: construction, project close-out, public outreach, and project assessment (Services). The negotiated fee for the Services is a total not-to-exceed amount of \$450,185, which includes a contingency of \$20,000 to cover additional services if unforeseen delays were to occur during construction.

Staff recommends that the Tracy Homelessness Advisory Committee (THAC) recommend that the City Council approve a Professional Services Agreement with Consultant with a total not-to-exceed amount of \$450,185 for the Services at the Project and adopt a resolution approving said agreement).

BACKGROUND AND LEGISLATIVE HISTORY

On September 1, 2020, City Council (Resolution 2020-163) authorized the creation of a CIP for the Temporary Emergency Housing Facility (TEHF) project on Arbor Avenue, CIP 71112, to create a safe and dignified facility for residents experiencing homelessness. Subsequently, on August 16, 2022, the City Council (Resolution 2022-121) re-affirmed the declaration of a shelter

emergency which authorized the City to provide emergency shelter solutions to the most vulnerable residents.

The TEHF is the first emergency housing shelter in the City. The Project is located on 4.8 acres at 370 W. Arbor Avenue, Tracy, CA, 95304 and is broken out in four (4) phases:

- **Phase I – Site Preparation and Underground Utilities:** Completed in October 2022 and resulted with the completion of the below ground construction;
- **Phase II – Site Improvements and Sprung Structure:** Includes a 6,300 square foot sprung structure and ancillary buildings, which provides a commercial kitchen, restrooms, showers, laundry, and storage facilities;
- **Phase III – Modularity:** Currently in-service, which includes four (4) dormitory buildings with capacity to house up to forty-eight (48) individuals in a non-congregate setting. Additionally, this phase includes an administrative building to provide meals and supportive services; and

ANALYSIS

Construction management is critical and a required service for all City CIPs that provides effective management of the project's schedule, cost, quality, safety, scope, and other aspects of the project. Due to the complexity and urgency of the Project, staff recommends retaining services of Consultant. Many public projects utilize outside consultants for construction management services, which allows the City to rely on industry experts.

The total estimated Project cost is \$450,185 and will be funded by CIP 71112, the TEHF, which has an available budget of \$15,069,697. This budget includes the construction of a 6,300 square foot sprung structure and ancillary buildings, which will provide a commercial kitchen, restrooms, showers, laundry, and storage facilities. Hiring a qualified consultant, with extensive related experience is the desired approach for construction management. The consultant will ensure the necessary and critical oversight of the architect, assure successful permitting of the Project, and to ensure there are dedicated full-time staff on-site for the duration of the Project for quality assurance and quality control amongst a myriad of other benefits.

On July 28, 2023, staff issued a RFP, which was advertised for three (3) weeks, seeking proposals from qualified construction management experts. The City received three (3) proposals prior to the submittal deadline. The proposals received were from Griffin Structures, Consultant, and SJ Construction Management. Staff from multiple City departments completed a detailed analysis of the proposals and invited each firm for an in-person interview. The composition of the screening/interviewing panel consisted of staff representatives from the following departments: City Manager, Mobility and Housing, Developmental Services, and Operations and Utilities.

After the in-person interviews, the panel determined that Consultant best met the needs of the City and demonstrated the competence and professional qualifications necessary for the satisfactory performance of the required Services. During the interview process, it became evident that Consultant was best equipped with the necessary resources, qualifications, relevant experience, and professionalism essential for the Project. Consultant has been managing construction projects for over 60 years, with their primary clients being government

agencies. In the last ten (10) years, they managed over \$2 billion in construction projects for government agencies, including navigations centers, school/college buildings, city halls, senior centers, fire training centers, and aquatic centers.

Staff negotiated a scope of professional services that entails four (4) phases including, construction, project close-out, public outreach, and project assessment. Each phase is unique and entails several components, outlined in the Professional Services Agreement (Agreement) (attached to this report as Attachment A). If the City enters into the Agreement, Consultant would be issued a Notice to Proceed for each phase, which allows the City to better control costs based on how the Project progresses.

In addition, Consultant can provide the necessary support required of a project of this magnitude to the City project team. Consultant has demonstrated their technical expertise, overall professionalism, and teamwork mindset which will be a great asset on this complex and time sensitive Project. Consultant

anticipates having at least one (1) dedicated employee on-site daily ensuring quality control, specifications, and benchmarks are being met throughout construction.

The negotiated fee for construction management services is \$450,185 which includes the following:

Task	Fee
Pre-Construction / Construction	\$405,116
Project Close-Out and Post Construction	\$25,069
Public Outreach	Included
Project Assessment	Included
Sub-Total	\$430,185
Contingency*	\$20,000
Total Not-To-Exceed Amount	\$450,185

*Staff is recommending a contingency of \$20,000. This contingency will ensure funding is in place to cover additional construction management services as required in case of construction delays without causing an interruption in service. As with every project, the goal is to keep the project on schedule.

FISCAL IMPACT

The total estimated Project cost is \$450,185 and will be funded by the TEHF, CIP 71112. The CIP 71112 has a current available budget of \$15,069,697 as follows:

Staff has structured the Agreement with Consultant in such a way that a Notice to Proceed is required to start each phase of work, providing critical cost control for this service.

COORDINATION

The City Manager’s Office coordinated with Mobility and Housing, Parks and Recreation, Operations and Utilities, and Developmental Services Departments.

CEQA DETERMINATION

Government Code section 8698.4 exempts the application of the California Environmental Quality Act (CEQA) to various actions taken by public agencies to implement the construction of a homeless shelter in response to a declared shelter crisis. In addition, the interim solutions taken thus far are in furtherance of and related to the permanent solution that will be implemented, referred to as the Temporary Emergency Housing Project on Arbor Avenue (CIP 71112). A Notice of Exemption was issued on October 16, 2020, for the Temporary Emergency Housing site at 500 Arbor Avenue in accordance with Government Code sections 65660-65662 for Low Barrier Navigation Centers and Section 15269(c) of the CEQA Guidelines (14 Cal. Code Regs. 15269(c)) for Emergency Projects. No environmental impacts beyond those already analyzed for the CIP exist; accordingly, no further CEQA analysis is needed.

STRATEGIC PLAN

This agenda item supports the City of Tracy's Public Safety Strategic Priority, and specifically implements Goal 2: Implement the adopted homelessness strategic plan.

ACTION REQUESTED OF THE CITY COUNCIL

Staff recommends that Tracy Homelessness Advisory Committee recommend that the City Council adopt a Resolution to (1) approve the Professional Services Agreement with Roebbelen Construction Management Services, Inc. for construction management services for Phase II Site Improvements at the Temporary Emergency Housing Facility, CIP 71112, located at 370 W. Recitals

- A.** City desires to retain Consultant for construction management services for the Temporary Emergency Housing Facility (Project); and
- B.** On July 28, 2023, the City issued a Request for Proposals (RFP) for construction management services for the Project. On August 18, 2023, proposals were due, and the Consultant submitted their proposal for the Project in accordance with all requirements outlined in the RFP. City has determined that Consultant possesses the skills, experience, and certifications required for the Project.

Now therefore, the Parties mutually agree as follows:

- 1. Scope of Work.** Consultant shall perform construction management services for the Project, which includes the services described in Exhibit “A” attached and incorporated by reference (Services). The services shall be performed by, or under the direct supervision of, Consultant’s Authorized Representative: Victor Lopez. Consultant shall not, without City’s prior written consent, replace its Authorized Representative, replace any of the personnel listed in Exhibit “A,” or use or replace any subcontractor or sub-consultant. The City may terminate this Agreement if Consultant makes any such change or replacement in personnel or subcontractor/subconsultant without such prior written consent.
- 2. Time of Performance.** Time is of the essence in the performance of Services under this Agreement and the timing requirements set forth shall be strictly adhered to unless otherwise modified in writing in accordance with this Agreement. Consultant shall begin performance and shall complete all required services no later than the dates set forth in Exhibit “A.” As set forth in Exhibit A, the Services will be performed in four (4) different phases. Consultant shall not proceed from one phase to the next unless and until City issues a Notice to Proceed. Any Services for which times for performance are not specified in this Agreement shall be started and completed by Consultant in a reasonably prompt and timely manner based upon the circumstances and direction communicated to the Consultant. Consultant shall submit all requests for time extensions to the City in writing no later than ten (10) days after the start of the condition which purportedly caused the delay, and not later than the date on which performance is due. City shall grant or deny such requests at its sole discretion.

2.1 Term. The term of this Agreement shall begin after receipt of an initial Notice to Proceed by Consultant from the City and end twelve (12) months after formal City Council acceptance of Project, unless terminated in accordance with Section 6.

3. Compensation. City shall pay Consultant on a time and expense basis, at the billing rates set forth in Exhibit "B," attached and incorporated by reference for services performed under this Agreement.

3.1 Not to Exceed Amount. Consultant's total compensation under this Agreement shall not exceed \$450,185. Consultant's billing rates are on a time and materials basis and shall cover all costs and expenses for Consultant's performance of the Services. 3.4 The acceptance by Consultant of the final payment made under this Agreement shall constitute a release of City from all claims and liabilities for compensation to Consultant for anything completed, finished or relating to Consultant's services. Consultant agrees that payment by City shall not constitute nor be deemed a release of the responsibility and liability of Consultant or its employees, subcontractors, agents and subconsultants for the accuracy and competency of the information provided and/or services performed hereunder, nor shall such payment be deemed to be an assumption of responsibility or liability by City for any defect or error in the services performed by Consultant, its employees, subcontractors, agents and subconsultants.

3.5 Consultant agrees to maintain books, accounts, payroll records and other information relating to the performance of Consultant's obligations under the Agreement, which shall adequately and correctly reflect the expenses incurred by the Consultant in the performance of Consultant's work under the Agreement. Such books and records shall be open to inspection and audit by the City during regular business hours for three years after expiration or termination of this Agreement.

4. Indemnification. Consultant shall, to the fullest extent permitted by law, indemnify, defend (with independent counsel approved by the City), and hold harmless the City from and against any claims arising out of Consultant's performance or failure to comply with obligations under this Agreement, except to the extent caused by the sole, active negligence or willful misconduct of the City.

The provisions of this section survive completion of the services or the termination of this Agreement, and are not limited by the provisions of Section 5 relating to insurance.

5. Insurance. Consultant shall, throughout the duration of this Agreement, maintain insurance to cover Consultant, its agents, representatives, and employees in connection with the performance of services under this Agreement at the minimum levels set forth herein.

5.6 Notice of Cancellation Consultant shall notify the City if the policy is canceled before the expiration date. For the purpose of this notice requirement, any material change in the policy prior to the expiration shall be considered a cancellation. Consultant shall immediately obtain a replacement policy.

5.7 Authorized Insurers All insurance companies providing coverage to Consultant shall be insurance organizations authorized by the Insurance Commissioner of the State of California to transact the business of insurance in the State of California.

5.8 Insurance Certificate Consultant shall provide evidence of compliance with the insurance requirements listed above by providing a certificate of insurance and endorsements, in a form satisfactory to the City, before the City signs this Agreement.

5.9 Substitute Certificates Consultant shall provide a substitute certificate of insurance no later than 30 days prior to the policy expiration date of any insurance policy required by this Agreement.

5.10 Consultant's Obligation Maintenance of insurance by the Consultant as specified in this Agreement shall in no way be interpreted as relieving the Consultant of any responsibility whatsoever (including indemnity obligations under this Agreement), and the Consultant may carry, at its own expense, such additional insurance as it deems necessary. Failure to provide or maintain any insurance policies or endorsements required herein may result in the City terminating this Agreement.

6. Termination The City may terminate this Agreement in its sole absolute discretion by giving ten (10) days' written notice to Consultant. Within five (5) days of such a termination, Consultant shall give the City all original documents relating to the Project in Consultant's possession or control, including, without limitation, preliminary drafts, contract documents, supporting documents, and any other documents prepared by Consultant pursuant to this Agreement. The City shall pay Consultant for all services satisfactorily performed in accordance with this Agreement, up to the date notice is given.

7.1 Each Party shall designate a senior management or executive level representative to negotiate the dispute;

7.2 The representatives shall attempt, through good faith negotiations, to resolve the dispute by any means within their authority.

7.3 If the issue remains unresolved after fifteen (15) days of good faith negotiations, the Parties shall attempt to resolve the disagreement by negotiations between legal counsel. If the aforementioned process fails, the Parties shall resolve any remaining disputes through mediation to expedite the resolution of the dispute.

7.4 The mediation process shall provide for the selection within fifteen (15) days by both Parties of a disinterested third person to serve as the mediator, shall be commenced within thirty (30) days of selection of a mediator, and shall be concluded within fifteen (15) days from the commencement of the mediation.

7.5 The Parties shall equally bear the costs of any third party in any alternative dispute resolution process.

a. Construction Phase

1. Pre-Construction Conference(s): Conduct, in conjunction with the City and Architect, pre-construction orientation conference(s) for the benefit of the successful contractors and orient the contractors to the various reporting procedures and site rules prior to the commencement of actual construction.
2. Contract Administration: In cooperation with the Architect, administer the construction contracts. Coordinate the preparation of construction staging areas on-site for the Project and coordinate the preparation of the site for construction, including, but not limited to, coordinating fencing, barricades, or other items reasonably necessary for efficient construction. Coordinate the mobilization of all contractors and shall coordinate construction sequencing. In addition, provide management and related services as required to coordinate work of the contractors with each other and the activities and responsibilities of the Architect and City to complete the Project in accordance with the contract documents.
3. Submittal Procedures: Establish and implement procedures with the City and Architect to coordinate and review shop drawing submittals, requests for information, samples, product data, change orders, payment requests, material delivery dates and other procedures. Maintain logs, files and other necessary documentation. Establish a procedure for and collect certified payroll from the contractors for the Project.
4. Meetings: Coordinate and conduct construction and weekly job-site progress meetings with the contractors, Architect and City. Record, transcribe, and distribute meeting minutes to all attendees, the City, and all other appropriate parties. Assist in the resolution of any technical construction issues.
5. Quality Assurance/Quality Control (QA/QC): Establish and implement a QA/QC management plan for the Project which includes steps to observe, verify, and document the specified level of construction quality.
6. Coordination of Technical Inspection and Testing: Coordinate all testing required by the Contract Documents, Architect, or other third parties. If requested, assist the City in selecting any special consultants or testing laboratories.
7. Construction Observation: Ensure the construction conforms to the approved plans and specifications. Observe that the materials and equipment being incorporated into the work are handled, stored, and installed properly and adequately and are in compliance with the contract documents for the Project. Guard against defects and deficiencies and advise the City of any deviations, defects, or deficiencies observed in the work.
8. Non-Conforming Work: Review contractor's recommendations for corrective action on observed nonconforming work. Make recommendations to the City and Architect in instances where the CM observes work that is defective or not in conformance with the contract documents. Observe the contractor's work to verify that all authorized changes are properly incorporated in the Project.
9. Exercise of Contract Prerogatives: Advise the City and make recommendations for exercising the City's Contract prerogatives, such as giving the contractor notice to accelerate the progress when the schedule goals are in jeopardy due to contractor failings, withholding payment for cause, and other prerogatives when required in an effort to achieve Contract compliance.
10. Endorsements of Insurance; Performance and Payment Bonds: Prior to contractors commencing any work on the Project, the CM shall obtain from the contractors and review for

compliance with the contract documents the required insurance policy endorsements, including additional insured endorsements, the certificates of liability insurance and the faithful performance and payment bonds and after review and correction of any deficiencies in these documents forward them to the City and the Architect. Further, the CM shall insure that contractors maintain in effect the required insurance and bonds during their work on the Project and shall review any subsequent renewals or changes in insurance or bonds.

11. Progress Review: Keep a daily log containing a record of weather, the contractors working on the site, number of workers, work accomplished, problems encountered, and other relevant data or such additional data as the City may require. Activities shall be assigned percentage-complete values. The report shall reflect actual progress as compared to scheduled progress and note any variances. The CM shall identify problems encountered in accomplishing the work and recommend appropriate action to the City to resolve these problems with a minimum effect on the timely completion of the Project. If requested by the City, the CM shall assist the contractor(s) in preparing a recovery schedule. The recovery schedule shall reflect the corrective action costs (if any) and efforts to be undertaken by the contractor(s) to recapture lost time. This recovery schedule shall be distributed to the contractor(s), the City, Architect, and other appropriate parties. The report shall be delivered to the City upon completion of the Project.
12. Maintain On-Site Records: Develop and implement a comprehensive document management program. Ensure that records are maintained by the contractor at the Project site, on a current basis: a record copy of all contracts, drawings, specifications, addenda, change orders, and other modifications, in good order and marked to record all changes made during construction; shop drawings; product data; samples; submittals; purchases; materials; equipment; and applicable handbooks and are ready for review by Architect; Titles 21 and 24 of the California Code of Regulations; the California Building Code; maintenance and operating manuals and instructions; other related documents and revisions which arise out of the contracts. Maintain records in duplicate of principal building layout lines, elevations for the bottom of footings, floor levels and key site elevations. At the completion of the Project, deliver all such records to the Architect so the Architect may review the record as-built drawings, after which the as-built drawings shall be delivered to the City.
13. Schedule of Values and Processing of Payments: Review and recommend the Contractor's schedule of values for each of the activities included in that contractor's schedule of events. Review with the Architect and make recommendations to the City pertaining to payments to the contractors.

AGENDA ITEM 3.E

RECOMMENDATION

Staff recommends that the Tracy Homelessness Advisory Committee recommend that the City Council adopt a resolution approving a professional services agreement with Trine Integrated Services, Inc. for security services for a total amount not to exceed \$150,000 for a term of three months.

EXECUTIVE SUMMARY

This Professional Services Agreement will provide city-wide routine security services by trained uniformed security officers on foot or by patrol vehicle for various locations, including but not limited to El Pescadero Park (250 W. Kavanagh Ave.), the City of Tracy Temporary Emergency Housing Facility (370 W. Arbor Rd.), and various City parks, facilities, buildings, and infrastructures.

In July 2022, Trine Integrated Services, Inc. began providing 24-hour security services at El Pescadero Park. The security services have reduced in calls for service at the park, provided the unsheltered and people visiting the park with immediate access to security, and improved intelligence related to law violators.

On September 25, 2023, the current professional security services agreement with Trine Security will expire. Security services are being requested for an additional three months to sustain enforcement efforts and reduce blight and debris at El Pescadero Park. The additional three months will coincide with the availability of Emergency Interim Housing at the Temporary Emergency Housing Shelter.

BACKGROUND AND LEGISLATIVE HISTORY

On July 19, 2022, the Tracy Police Department issued a Request for Proposals on the City of Tracy website for security services to assist in the patrol and security of El Pescadero Park, the City of Tracy's Temporary Emergency Housing Facility, and various other parks, facilities, and infrastructure. Staff conducted research to identify potential vendors and informed them of the publication. Nine companies providing security services responded with proposals. On July 29, 2022, the City received and reviewed all proposals.

Trine Integrated Services, Inc. submitted a proposal demonstrating the competence and professional qualifications necessary to perform the required services satisfactorily. Their qualifications included the application of Tracy Municipal Code section 2.20.230 for being a local vendor, and they were the most responsive to the City's needs.

Under the Professional Services Agreement, Trine Integrated Services, Inc. has provided city-wide routine security services by trained uniformed security officers on foot or by patrol vehicle for various locations, including but not limited to, El Pescadero Park (250 W. Kavanagh Ave.), the City of Tracy Temporary Emergency Housing Facility (370 W. Arbor Rd.), and various parks, facilities, buildings, and infrastructures. The Agreement compensated security guards at an hourly wage of \$30.00, and a weekly \$350 vehicle

allowance.

The contract is set to expire on September 25, 2023; however, the extension for Security services is being requested for an additional three months to sustain the enforcement efforts.

ANALYSIS:

The extension for Security services is being requested for an additional three months to sustain the enforcement efforts and reduce blight and debris at El Pescadero Park. The additional three months will coincide with the availability of Emergency Interim Housing at the Temporary Emergency Housing Shelter. In addition, unsheltered individuals seeking homeless services have reached out to security on-site, who immediately connected them to the PD's Familiar Faces Homeless Outreach program.

FISCAL IMPACT

The three-month Agreement is not to exceed \$150,000 (\$50,000 monthly). The funding is provided through the Police Department's operating budget in the General Fund.

PUBLIC OUTREACH/INTEREST

Maintaining security services supports crime reduction at El Pescadero Park, which is near North School. In addition, Tracy Interfaith Ministries have voiced their support for having security at El Pescadero Park.

COORDINATION:

Tracy PD has been working in coordination with the City of Tracy Housing and Mobility Department.

CEQA DETERMINATION

CEQA is not applicable for this proposed project.

STRATEGIC PLAN

This agenda item related to Council's strategic priority for Public Safety Goal # 4 – Strengthening community safety through crime reduction prevention activities.

ACTION REQUESTED OF COUNCIL
