ADDENDUM NO. 3

August 5, 2026

NOTICE OF CANCELLATION OF REQUEST FOR PROPOSALS

PROJECT TITLE: Providing Technical Study and Design of Security Systems
Upgrades at Wastewater Treatment Plant, Storm Drain Pump Stations (SDPS) and
Sanitary Sewage Lift Stations (SWLS) - CIP 74128

DATE OF ISSUANCE: August 5, 2026

ISSUING AGENCY: City of Tracy, California

DEPARTMENT: PUBLIC WORKS -
Engineering Division

I. NOTICE IS HEREBY GIVEN

That the City of Tracy (hereinafter "CITY") has officially cancelled and withdrawn its Request for Proposals (RFP) posted on July 16, 2026, for the above-referenced project, effective immediately. Pursuant to the reservation of rights and notice provisions explicitly set forth within the original RFP documents, the CITY exercises its legal right to reject any or all proposals, to waive any informality, and to cancel this solicitation at any stage prior to the execution of a professional services agreement.

II. REASON FOR CANCELLATION

Subsequent to the issuance of the RFP, the CITY received additional technical information and project parameters. This newly acquired data substantially alters and impacts the core scope of work initially outlined. In the interest of procurement integrity, the CITY must halt the current process to re-evaluate the project framework. This cancellation ensures all prospective proposers eventually compete on an accurate, identical, and finalized scope.

III. FUTURE RE-ISSUANCE

The CITY is currently validating, substantiating, and revising the technical specifications and new scope metrics. Upon completion of this evaluation, the CITY intends to reissue a new Request for Proposals for this project. The revised solicitation will be published publicly on the official [City of Tracy Bids and RFPs Web Portal](#).

IV. INSTRUCTIONS TO PROPOSERS

Any proposals already received by the CITY will be rejected and will not be opened or evaluated. Proposers are reminded that the CITY is not liable for any costs incurred in

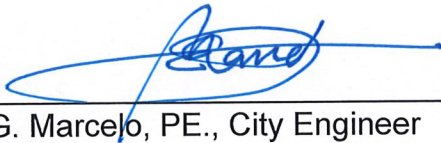

preparing or submitting proposals in response to this cancelled solicitation. Proposers must monitor the City of Tracy Website for updates regarding the new solicitation timeline.

City Engineer

City of Tracy, California
